ASIAN ART  
IN FULL BLOOM:  
PARIS GOES  
CITYWIDE FOR  
PRINTEMPS  
ASIATIQUE

Founded in 2018, Printemps Asiatique Paris has become in just a few years **a major event for the arts of Asia**.

The 9th edition brings together **68 participants** (specialized galleries, auction houses, institutions) across a **demanding Parisian program** - exhibitions, auctions, conferences, and visits - with nearly 40 cultural events, including a series of new roundtable discussions exploring the five senses in Asia.

Under the presidency of Camille de Foresta, **the event is entering a new chapter**, especially committing to strengthening its international reach, while preserving its scientific and artistic rigour as well as its ties with museums and specialists.

This year, the fair relocates to **Galerie Charpentier** in the heart of Paris, with the 2026 edition shining a **spotlight on the Korean scene**, on the occasion of the 140th anniversary of Franco-Korean relations.

Join us at Printemps Asiatique Paris to discover, exchange, and celebrate the richness of Asian arts - **an unmissable experience!**
